BESPOKE DESIGN

Whether it is a simple lapel pin or pair of cufflinks to reward long service or a complete collection of designs to commemorate a sporting event, Veritas can help you to create unique and beautiful gifts and accessories.

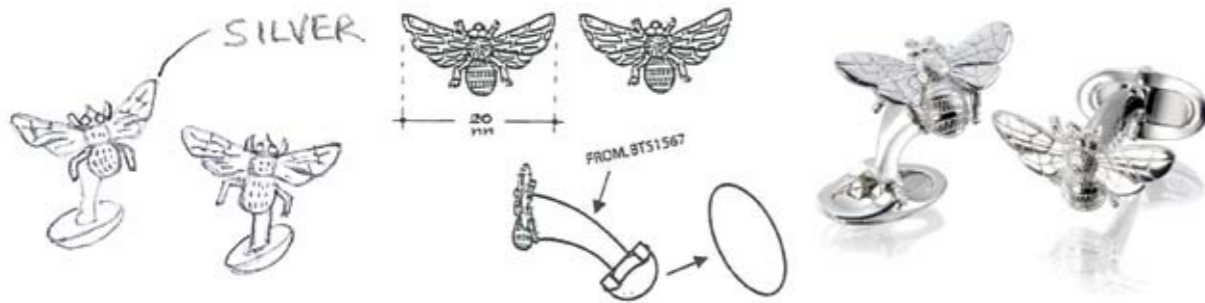

The process is straight forward, starting with design drawings which answer your initial brief. Once approved, a pre-production sample is created for a final sign-off. The design and sampling stage takes as little as 14 days and production time from 35 days, depending on the complexity of the product and the materials used.

If you are interested in developing a unique gift design to mark your company's special occasion, it is easy to get things started. Call us on 01483 281 417 to find out more or email sales@veritasgifts.co.uk.

PERSONALISATION - ENGRAVING

Traditionally used by British silversmiths for generations to intricately decorate sterling silver and silver plate, diamond engraving is an excellent way to personalise a Veritas gift.

Choose from the engraving fonts sampled to the left of this page; maybe an artistic flourish with one of our script styles, Vanessa (style M10) or machine script (style M7), the clarity of Roman (style M13) or something more dramatic and individual like Old English (style M4).

To engrave an individual silver gift with a set of initials or a name costs £19.00.

For corporate clients purchasing a number of gifts, the cost is dependent on the amount of engraving needed as well as the number of gifts ordered.

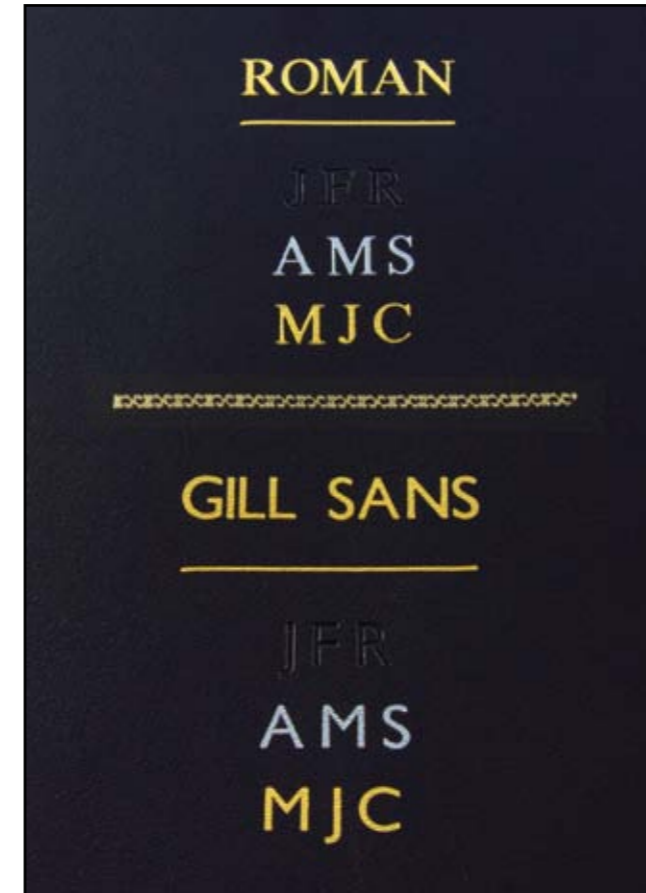

Logos and crests also attract a one-off artwork and set-up charge of £75.00.

We also offer corporate customers the facility to engrave designs using laser engraving. This contemporary technique produces a clear and indelible impression on silver. The effect is clear and white in appearance and well suited to reproducing crests or logos which contain a lot of intricate detail.

Laser engraving is also priced based on the amount of engraving required and the number of gifts ordered. There is a one-off artwork and set-up charge to originate a logo of £75.00.

PERSONALISATION - EMBOSSING

A fine leather wallet or purse is made a more memorable gift by adding an embossed date, name, initials or a logo.

Veritas offers the embossing fonts and sizes shown to the left of this page. Silver, gold and blind embossing are all available in both script or Roman fonts to personalise your leather gifts with a unique flourish. We would recommend font sizes of either 6 or 8 points for small leather designs.

Embossing a set of initials, a name or a date costs £18.00 for an individual gift.

Corporate customers requiring embossed crests or logos are charged a one off charge of £75.00 to create their own embossing die which can then be stored for multiple use.

Unit costs for embossing company logos are calculated based on the number of gifts required.

BESPOKE GIFT WRAPPING

Veritas gifts are beautifully presented in our hallmark purple box with sky blue trim. Tied with satin ribbon, each gift is perfectly presented and ready to give to your recipient.

Our bespoke design service allows you to create your own exclusive gift packaging, and incorporate your own Pantone colours and corporate identity.

SERVICES

ENGRAVING, EMBOSSING & ETCHING

A unique way to personalise a gift is to engrave, etch or emboss a name, initials or a company logo and we can arrange to have your logo applied to our silver, leather or crystal products.

We also have a unique range of translucent enamel designs on which enamel colour can be ordered to match your own colour choice (minimum order quantities of 150 units apply).

Personalisation charges can vary according to the number of items required, but for individual and small corporate orders of less than 25 items, the following prices apply:

- To diamond engrave a logo, name or initials on silver - £6.00 per unit
- To blind or gilt emboss a logo, name or initials on leather - £6.00 per unit
- To etch a logo, name or initials on crystal - £15.00 per unit
- To create a new logo for the above methods of personalisation - £75.00 per logo
